

Career talk in year 6

This week the children have had the opportunity to ask questions around careers. We had a journalist from the BBC come and visit, Shannen Headley. She shared insightful information on how she landed a role at the BBC and spoke about her career at Leicester Mercury. The children also had the opportunity to listen about Mrs Carlisle's job as a head teacher and all the responsibilities that come with her job. They asked great questions to help further their understanding of the real world.
